For grades 3-5, our State Standards-based resource meets the data analysis & probability concepts addressed by the NCTM standards and encourages your students to learn and review the concepts in unique ways. Each task sheet is organized around a central problem taken from real-life experiences of the students. The pages of this resource contain a variety of content and levels of difficulty so as to provide students with different learning opportunities. Included in our resource are activities to help students learn how to collect, organize, analyze, interpret, and predict data probabilities. The task sheets offer space for reflection and the opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. Help beginner learners gain confidence by becoming familiar with basic shapes. Our resource introduces the mathematical concepts taken from real-life experiences, and provides warm-up and timed practice questions to strengthen procedural proficiency skills. Use different shapes to make a robot or house. Describe where each shape is found in a picture. Transform a shape by turning it, sliding it, or flipping it. Draw the missing half of a symmetrical shape. Match items in your classroom with certain shapes. Identify

circles from squares and triangles. Count the number of sides and corners of plane shapes. Count the number of edges, faces and corners of solid shapes. The task and drill sheets provide a leveled approach to learning, starting with prekindergarten and increasing in difficulty to grade 2. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. \*\*This is the chapter slice "Word Problems Vol. 2 Gr. 6-8" from the full lesson plan "Measurement"\*\* For grades 6-8, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Drill Sheets Vol. 4 Gr. PK-2" from the full lesson plan "Number & Operations"\*\* For grades PK-2, our resource meets the number & operations concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice number & operations concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are questions involving place value, fractions, percent, decimals,

multiplication and division. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. For grades PK-2, our State Standards-based resource meets the number & operations concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice number & operations concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are problems involving place value, fractions, addition, subtraction and using money. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. For grades PK-2, our State Standards-based resource meets the geometry concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice geometry concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included in our resource are activities on two- and three-dimensional shapes, fractions, coordinate points, and composing and decomposing shapes. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to

Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Drill Sheets Vol. 6 Gr. 3-5" from the full lesson plan "Measurement"\*\* For grades 3-5, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice measurement concepts. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Word Problems Vol. 4 Gr. 6-8" from the full lesson plan "Measurement"\*\* For grades 6-8, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Drill Sheets Vol. 5 Gr. PK-2" from the full lesson plan "Number & Operations"\*\* For

grades PK-2, our resource meets the number & operations concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice number & operations concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are questions involving place value, fractions, percent, decimals, multiplication and division. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. For grades 3-5, our State Standards-based resource meets the algebraic concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice algebra concepts. The pages of this resource contain a variety in terms of levels of difficulty and content to provide students with a variety of differentiated learning opportunities. Included are questions involving patterning, evaluating algebraic expressions, utilizing number lines and graphs, mathematical sentences and algebraic properties. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. Start measuring lengths and weights while mastering conversions. Our resource introduces the mathematical concepts taken from real-life experiences, and provides warm-up and timed practice questions to strengthen procedural proficiency skills. Measure the length of objects using your hand

as a unit of measure. Convert weights from pounds to ounces and kilograms. Find the volume of differently sized boxes. Accurately tell the temperature with the help of a thermometer. Convert length measurements. Match measurements with their clues. Find the best measurement for different objects. Show the time on an analog clock. The task and drill sheets provide a leveled approach to learning, starting with grade 3 and increasing in difficulty to grade 5. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. 8100 multiplication facts for daily practice 100 practice sheets with all single digit multiplications answer keys to all practice sheets date, score and time can be tracked on the top of each sheet \*\*This is the chapter slice "Word Problems Vol. 5 Gr. 6-8" from the full lesson plan "Data Analysis & Probability" For grades 6-8, our resource meets the data analysis & probability concepts addressed by the NCTM standards and encourages your students to learn and review the concepts in unique ways. Each task sheet is organized around a central problem taken from real-life experiences of the students. The pages of this resource contain a variety of content and levels of difficulty so as to provide students with different learning opportunities. Included in our resource are activities to help students learn how to collect, organize, analyze, interpret, and predict data probabilities. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are questions involving two- and three-dimensional shapes, fractions, coordinate points, and composing and decomposing shapes. The

drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. For grades PK-2, our State Standards-based resource meets the algebraic concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. Each task sheet is organized around a central problem taken from real-life experiences of the students. The pages of this resource contain a variety in terms of levels of difficulty and content to provide students with a variety of differentiated learning opportunities. Included are opportunities for problem-solving, patterning, algebraic graphing, equations and determining averages. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, test prep, color activity posters and bonus worksheets. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Word Problems Vol. 5 Gr. 6-8" from the full lesson plan "Measurement"\*\*

For grades 6-8, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets,

color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Word Problems Vol. 4 Gr. 6-8" from the full lesson plan "Data Analysis & Probability"\*\* For grades 6-8, our resource meets the data analysis & probability concepts addressed by the NCTM standards and encourages your students to learn and review the concepts in unique ways. Each task sheet is organized around a central problem taken from real-life experiences of the students. The pages of this resource contain a variety of content and levels of difficulty so as to provide students with different learning opportunities. Included in our resource are activities to help students learn how to collect, organize, analyze, interpret, and predict data probabilities. The task sheets offer space for reflection and the opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Word Problems Vol. 1 Gr. 6-8" from the full lesson plan "Measurement"\*\* For grades 6-8, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core

State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Drill Sheets Vol. 1 Gr. PK-2" from the full lesson plan "Geometry"\*\* For grades PK-2, our resource meets the geometry concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice geometry concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are questions involving two- and three-dimensional shapes, fractions, coordinate points, and composing and decomposing shapes. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. \*\*This is the chapter slice "Drill Sheets Vol. 5 Gr. 3-5" from the full lesson plan "Number & Operations"\*\* For grades 3-5, our resource meets the number & operations concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways. Each drill sheet contains warm-up and timed drill activities for the student to practice number & operations concepts. The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities. Included are questions involving place value, fractions, percent, decimals, multiplication and division. The drill sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards. Beginner learners build and practice their understanding of

everyday math. Our resource introduces the mathematical concepts taken from real-life experiences, and provides warm-up and timed practice questions to strengthen procedural proficiency skills. Use a calculator to practice your adding. Add up all the change you and your friends have altogether. Write down all the facts that add up to 9. Counting down, find the number that comes next. Count the number of base-ten blocks. Find the fractions. Find out if the number of guitars is odd or even. Find the place value of the underlined digit. The task and drill sheets provide a leveled approach to learning, starting with prekindergarten and increasing in difficulty to grade 2. Aligned to your State Standards and meeting the concepts addressed by the NCTM standards, reproducible task sheets, drill sheets, review and answer key are included. \*\*This is the chapter slice "Drill Sheets Vol. 6 Gr. PK-2" from the full lesson plan "Measurement"\*\* For grades PK-2, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to review the concepts in unique ways.
