Packed full of activity and funny details to discover, this celebration of

Busytown and its inhabitants will keep curious minds occupied for hours on end! Perfect for ages 3 and up. RICHARD F. LACK (1928-2009) was one of the most important and distinguished artists of the last half of the twentieth century. Over the span of sixty-three years he completed more than 1,300 paintings, drawings, sketches, studies, etchings, woodcuts, and watercolors. Early in his career he received thirty-four Gold Medals, Best of Show, People's Choice awards, and several scholarships for his atelier (1971-1992); 100 highly trained painters completed Lack's program, many of whom are accomplished artists recognized nationally today. A young woman travels to Crete to discover the secrets of her grandfather's long lost romance that have reverberated through half a century in an age-old passion. "I fear that we shall never see another Tozer. Men like him are not college-bred but Spirit-taught." —Rev. Leonard Ravenhill Great leaders are rare. Those who pray fervently, worship fully, and walk in integrity—who see God big and depend on Him humbly—are those trained in the way of power. Such was the case for A. W. Tozer, and Tozer for the Christian Leader shows you what made him exceptional. These reflections, grouped monthly by theme—like prayer, the personal life, and worship—are ideal for any Christian leader. Absorb Tozer's wisdom. Be marked by his conviction. Let his keen eye for spiritual things cut through pretense and show you truth. Read Tozer for the Christian Leader and discover the beating heart of uncommonly great and godly leadership. The most famous pop band in the world, even today The Beatles hold centre stage. Anyone who lived through the 1960s remembers them and the digital remastering of their output has ensured that younger generations know them too. How could they not? The songs will live forever and are regularly reused in film or TV scores, on adverts, and on radio channels everywhere. With such coverage and interest, how can there be anything new to say about the band? The Beatles: The Days of their Life manages to do so thanks to the remarkable collection of photographs housed in Mirrorpix, the library of the Daily Mirror, Britain's premier popular daily newspaper. Mirrorpix has a sensational collection of material taken to feed an insatiable desire to see the band, its families, hangers on and what they did. Record launches, publicity events, holidays, flights in and out of the country, TV broadcasts, film work, births, deaths and marriages: everything was photographed. With this sort of coverage, unsurprisingly much material was not published and it is this treasure trove that is exploited in The Beatles: The Days of their Life. Compiled by Richard Havers, who has a great pedigree in the music business and in music publishing, the book combines great photographs with memorabilia to provide a series of visual snapshots of the Beatles' life and career as Britain's number 1 band. Virus of the Mind is the first popular book devoted to the science of memetics, a controversial new field that transcends psychology, biology, anthropology, and cognitive science. Memetics is the science of memes, the invisible but very real DNA of human society. In Virus of the Mind, Richard Brodie carefully builds on the work of scientists Richard Dawkins, Douglas Hofstadter, Daniel Dennett, and others who have become fascinated with memes and their potential impact on our lives. But

Richard goes beyond science and dives into the meat of the issue: is the emergence of this new science going to have an impact on our lives like the emergence of atomic physics did in the Cold War? He would say the impact will be at least as great. While atomic bombs affect everybody's life, viruses of the mind touch lives in a more personal and more pernicious way. Mind viruses have already infected governments, educational systems, and inner cities, leading to some of the most pervasive and troublesome problems of society today: youth gangs, the welfare cycle, the deterioration of the public schools, and ever-growing government bureaucracy. Viruses of the mind are not a future worry: they are here with us now and are evolving to become better and better at their job of infecting us. The recent explosion of mass media and the information superhighway has made the earth a prime breeding ground for viruses of the mind. Will there be a mental plague? Will only some of us survive with our free will intact? Richard Brodie weaves together science, ethics, and current events as he raises these and other very disturbing questions about memes.

Frank Bascombe, in the aftermath of his divorce and the ruin of his career, has entered an 'Existence Period' - selling real estate in New Jersey and mastering the high-wire act of normalcy. But over one Fourth of July weekend, Frank is called into sudden, bewildering engagement with life. Independence Day is a moving, peerlessly funny odyssey through America and through the layered consciousness of one of its most compelling literary incarnations, conducted by a novelist of extraordinary empathy and perception. Undaunted by the rainy weather, three children take their happiness outside and seem to chase the clouds away as they jump, skip, and dance together.

Richard Adams, author of 'Watership Down' and described recently as a legend of literature, was born in Newbury in 1920 as the replacement for a baby brother who died in the great influenza epidemic of 1917-19. His mother was well over 40 at the time of his birth, and his was a solitary childhood spent in a large garden. Here he explains how his days spent watching bird, beetles and wild creatures around his home engendered in him a lifelong love of nature. His years at prep and public school, at Oxford and in the army are all vividly described, and their influence on the recurrent themes in his writing of battle, leadership, friendship, bullying, solitude and longing made plain. Celebrate the holidays with Richard Simmons! Celebrate the holidays with fitness legend Richard Simmons! This gift book is perfect as a stocking stuffer for fans who like to disco sweat to the Christmas oldies.

The Last Days of Richard III contains a new and uniquely detailed exploration of Richard's last 150 days. By deliberately avoiding the hindsight knowledge that he will lose the Battle of Bosworth Field, we discover a new Richard: no passive victim, awaiting defeat and death, but a king actively pursuing his own agenda. It also re-examines the aftermath of Bosworth: the treatment of Richard's body; his burial; and the construction of his tomb. And there is the fascinating story of why, and how, Richard III's family tree was traced until a relative was found, alive and well, in Canada. Now, with the discovery of Richard's skeleton at the Greyfriars Priory in Leicester, England, John Ashdown-Hill explains how his book inspired the dig and completes Richard III's

fascinating story, giving details of how Richard died, and how the DNA link to a living relative of the king allowed the royal body to be identified. Inspired by the annual celebration of May as Mental Health Awareness Month, Richard Taylor, Jr., brings us 31 Days of Power. What started as one mental health conversation a day for 31 days via Facebook Live quickly transformed into a how-to guide on Instagram. The response from viewers was one that couldn't be ignored. With many people commenting on how helpful and needed each day's content was, Taylor knew much more work was needed to produce this 31-day series. That brought about the birth of this book, 31 Days of Power. In this book, Richard brings light to some of the most common and not-so-common conversations around mental health. 31 Days of Power not only brings light to the discussion but gives practical approaches the reader can utilize in his or her daily living. 31 Days of Power is a great tool for those who are trying to break the stigma, those who want to gain a greater understanding of mental health, and those who need a fresh start to get back up and fight for a better mental health personally. No matter who you are, 31 Days of Power has something for you! Richard Madeley's first novel plays beautifully into the heart of commercial fiction, a love story with intrigue and betrayal at its core. James Blackwell is sexy and handsome and a fighter pilot - every girl's dream partner. At least that is what Diana Arnold thinks when her brother first introduces them. Before long they are in love and marry hastily just as war is declared. Then fate delivers what is the first of its cruel twists: James, the day of their wedding, is shot down over Northern France and killed. Diana is left not only a widow but pregnant with their child. Ten years later, contentedly remarried, Diana finds herself in the south of France, sitting one morning in a sunny village square. A taxi draws up and she hears the voice of a man speaking English - the unmistakable voice of someone who will set out to torment her and blackmail her and from whom there can be only one means of escape... 'Immaculate storytelling, pacy and beautifully written' Sadie Jones 'A beautifully told tale... Madeley is a lively and engaging storyteller. We can't praise this novel highly enough' Bella Find out what everyone in Busytown does all day in this Richard Scarry classic! Go on a fun visit to Busytown and find out how everyone spends their days. Full of fun and adventure, this classic picture book will keep the attention of little readers from page to page as they find out how construction workers, fire fighters, farmers, doctors, and more, help Busytown run smoothly each and every day. A snowy day, a deserted school and the teacher you least want to see. Welcome to Snow Day, the most magical day of the year . . . When Danny goes to school one quiet, snowy morning, the last thing he expects to find is a deserted school and his least favourite teacher. But that's exactly what he does find. And what starts as the worst day imaginable, ends as the most life-affirming and magical day of the year. An incredibly moving story about finding friendship in the most unexpected of places. "The definitive biography and assessment of the wily and formidable prince who unexpectedly became monarch-the most infamous king in British history. The reign of Richard III, the last Yorkist king and the final monarch of the Plantagenet dynasty, marked a turning point in British history. But

despite his lasting legacy, Richard only ruled as king for the final two years of his life. While much attention has been given to his short reign, Michael Hicks explores the whole of Richard's fascinating life and traces the unfolding of his character and career from his early years as the son of a duke to his violent death at the battle of Bosworth. Hicks explores how Richard-villainized for his imprisonment and probable killing of the princes-applied his experience to overcome numerous setbacks and adversaries. Richard proves a complex, conflicted individual whose Machiavellian tact and strategic foresight won him a kingdom. He was a reformer who planned big changes, but lost the opportunity to fulfill them and to retain his crown."-- Provided by publisher.

For centuries, humans have dreaded (and anticipated) the end of the world. These fears, fuelled by natural disasters, famines, world wars, and the writings of people like Nostradamus and Jeane Dixon have left us with more questions than answers. In *The Complete Idiot's Guide to the Last Days*, Richard H. Perry goes to the definitive source on the subject: the Bible itself. While the book is as exciting as an action/adventure novel, the author's primary source is the Bible, and he guides his readers to an understanding of the Last Day by using related Scripture. For fans of the *Left Behind* series. Written for a general audience in addition to a Christian one. Includes timelines of every stage leading up to the last days and after. Join Richard Scarry's beloved characters Huckle Cat, Sally, and Lowly Worm for a day of adventure and discovery at the airport. Airplane fans will get an up-close look at the terminal, the control tower, the runway, and more! Featuring over 70 labeled words and a sticker sheet! Have hours of fun with this busy adventure from the one and only Richard Scarry! **ONE OF USA TODAY'S BEST BOOKS OF THE YEAR** • A riveting account of the crucial days, hours, and moments when the Watergate conspiracy consumed, and ultimately toppled, a president—from the best-selling author of *One Minute to Midnight*. In January 1973, Richard Nixon had just been inaugurated after winning re-election in a historic landslide. He enjoyed an almost 70 percent approval rating. But by April 1973, his presidency had fallen apart as the Watergate scandal metastasized into what White House counsel John Dean called “a full-blown cancer.” *King Richard* is the intimate, utterly absorbing narrative of the tension-packed hundred days when the Watergate conspiracy unraveled as the burglars and their handlers turned on one another, exposing the crimes of a vengeful president. Drawing on thousands of hours of newly-released taped recordings, Michael Dobbs takes us into the heart of the conspiracy, recreating these traumatic events in cinematic detail. He captures the growing paranoia of the principal players and their desperate attempts to deflect blame as the noose tightens around them. We eavesdrop on Nixon plotting with his aides, raging at his enemies, while also finding time for affectionate moments with his family. The result is an unprecedentedly vivid, close-up portrait of a president facing his greatest crisis. Central to the spellbinding drama is the tortured personality of Nixon himself, a man whose strengths, particularly his determination to win at all costs, become his fatal flaws. Rising from poverty to become the most powerful man in the world, he commits terrible errors of judgment that lead to his

public disgrace. He makes himself—and then destroys himself. Structured like a classical tragedy with a uniquely American twist, *King Richard* is an epic, deeply human story of ambition, power, and betrayal. Celebrate the holidays with Richard Simmons! Celebrate the holidays with fitness legend Richard Simmons! This gift book is perfect as a stocking stuffer for fans who like to disco sweat to the Christmas oldies. Richard III's 'Beloved Cousyn' Includes such activities as connecting-the-dots, making holiday decorations and cards, coloring, and making paper models. "Spellbinding, terrifying, deeply moving" -- an unflinching portrait of a family's silent grief, and the tragic death of a brother not spoken about for forty years (Joanna Rakoff). On a family summer holiday in Cornwall in 1978, Richard and his younger brother Nicholas are jumping in the waves. Suddenly, Nicholas is out of his depth. One moment he's there, the next he's gone. Richard and his other brothers don't attend the funeral, and incredibly the family returns immediately to the same cottage -- to complete the holiday, to carry on, in the best British tradition. They soon stop speaking of the catastrophe. Their epic act of collective denial writes Nicky out of the family memory. Nearly forty years later, Richard, an acclaimed novelist, is haunted by the missing piece of his childhood, the unexpressed and unacknowledged grief at his core. He doesn't even know the date of his brother's death or the name of the beach where the tragedy occurred. So he sets out on a painstaking investigation to rebuild Nicky's life, and ultimately to recreate the precise events on the day of the accident. *The Day That Went Missing* is a transcendent story of guilt and forgiveness, of reckoning with unspeakable loss. But, above all, it is a brother's most tender act of remembrance, and a man's brave act of survival. Winner of the PEN/Ackerley Prize 2018 *A Boy Made of Blocks* is a funny, heartwarming story of family and love inspired by the author's own experiences with his son, the perfect latest obsession for fans of *The Rosie Project*, David Nicholls and Jojo Moyes. A father who rediscovers love Alex loves his wife Jody, but has forgotten how to show it. He loves his son Sam, but doesn't understand him. He needs a reason to grab his future with both hands. A son who shows him how to live Meet eight-year-old Sam: beautiful, surprising - and different. To him the world is a frightening mystery. But as his imagination comes to life, his family will be changed . . . for good. "One of those wonderful books that makes you laugh and cry at the same time." *Good Housekeeping* "Funny, expertly plotted and written with enormous heart. Readers who enjoyed *The Rosie Project* will love *A Boy Made of Blocks* - I did." Graeme Simsion "Very funny, incredibly poignant and full of insight. Awesome." Jenny Colgan "A wonderful, warm, insightful novel about family, friendship and love." *Daily Mail* "A charming and timely tale of learning to connect in the digital age." *Kirkus* "This is an author who understands fatherhood and boyhood and everything in between. A truly beautiful book." Matthew Dicks, author of *Memoirs of An Imaginary Friend* "A Boy Made of Blocks will make you laugh and cry in equal measure; a book you won't soon forget." Brenda Janowitz, author of *The Dinner Party* This deluxe, oversized monograph offers the most comprehensive collection of British photographer Richard Learoyd's (born 1966)

color studio images to date--mostly portraits, but also including a handful of exquisite still lifes. The color images are made with one of the most antiquarian of photographic processes: the camera obscura, literally translated from Latin as "dark room." Learoyd has created a room-sized camera in which the Cibachrome photographic paper is exposed. The subject is in the adjacent room, separated by a lens. Light falling on the subject is directly focused onto the photographic paper without an interposing film negative. The result is a perfectly clear, entirely grainless, larger-than-life image. Learoyd's subjects, composed simply and directly, are described with the thinnest plane of focus, recreating and exaggerating the way that the human eye perceives; the images recall Dutch Master paintings in tone and composition. This volume includes more than 150 images, reproduced with the utmost care to capture the luminosity of the originals. It also includes an artist statement by Learoyd; a statement by Nancy Gryspeerdt, one of his subjects; and a text by Martin Barnes, curator of the first solo exhibition of the artist's work at the Victoria and Albert Museum in London. A detailed exploration of Richard III's last 150 days. Ashdown-Hill shows Richard as no passive victim, awaiting defeat, but a king actively pursuing his own agenda. The text has been updated with details of the discovery of Richard's skeleton, detail of how he died, and how the DNA link to a living relative of the king allowed the royal body to be identified. The final decade of the Cold War, through the eyes of a laconic and elegant observer In 1979 Richard Bassett set out on a series of adventures and encounters in central Europe which allowed him to savour the last embers of the cosmopolitan old Hapsburg lands and gave him a ringside seat at the fall of another ancien regime, that of communist rule. From Trieste to Prague and Vienna to Warsaw, fading aristocrats, charming gangsters, fractious diplomats and glamorous informants provided him with an unexpected counterpoint to the austerities of life along the Iron Curtain, first as a professional musician and then as a foreign correspondent. The book shows us familiar events and places from unusual vantage points: dilapidated mansions and boarding-houses, train carriages and cafes, where the game of espionage between east and west is often set. There are unexpected encounters with Shirley Temple, Fitzroy Maclean, Lech Walesa and the last Empress of Austria. Bassett finds himself at the funeral of King Nicola of Montenegro in Cetinje, plays bridge with the last man alive to have been decorated by the Austrian Emperor Franz-Josef and watches the KGB representative in Prague bestowing the last rites on the Soviet empire in Europe. Music and painting, architecture and landscape, food and wine, friendship and history run through the book. The author is lucky, observant and leans romantically towards the values of an older age. He brilliantly conjures the time, the people he meets, and Mitteleuropa in one of the pivotal decades of its history. A five-in-one volume by the great children's writer, with Scarry's terrific color artwork, in this first-time ever collection of: Humperdink's Busy Day, Mother Cat's Busy Day, Miss Honey's Busy Day, Sergeant Murphy's Busy Day, and The Firefighter's Busy Day--all great for pre-school fun and learning. Includes such activities as connecting-the-dots, making holiday decorations and cards, coloring, and making paper models. One

Hundred and Twenty-Six Days throws you onto the path of one family's unthinkable journey as their 27-year-old is violently hurled onto the cancer battlefield. What is to come was nothing anyone could ever imagine. Specifically, it is about the present evil age that we live in right now. For many Christians, the expression "these last days" refers to the time right before the second coming of Christ—but according to the apostles, the last days started with the first coming of Christ and continue even today. As the first and oldest town in Indiana, Vincennes is rich in history. It had an important role in the American Revolution and later was the capital of the Indiana Territory. This book focuses on a more recent time, the years between 1930 and 1960—the period of the Great Depression, the New Deal, World War II, and the post-war years. Fascinating views of stores, clubs, theaters, churches, factories, groceries, and gas stations, many of which are gone or greatly changed, are captured in Vincennes: 1930-1960. Some events in Vincennes remain the same, such as the Fourth of July fireworks display at the Clark Memorial and the high-school homecoming parade, and these images are displayed within these pages as well.
