Michael Caputo, through years of exhaustive research, has discovered letters, writings, and

quotes that reveal what the greatest artists, musicians, philosophers, scientists, and writers thought about the God of heaven. Through the pages of this timeless work, you will engage the thoughts of history's most celebrated people: Mozart, Galileo, Descartes, Shakespeare, Einstein, Michelangelo, and many more. Did great intellect and creativity lead brilliant men and women of the past to agnosticism and atheism, or did it lead them to believe in and submit to a Creator God? The answer to that question lies in the pages of this intriguing book. As you read and experience how the greatest minds of history viewed God, you will find an overwhelming consensus that the God of the universe does indeed exist and that He has impacted and shaped those who have influenced our world. Michael Caputo, through years of exhaustive research, has discovered letters, writings, and quotes that reveal what the greatest artists, musicians, philosophers, scientists, and writers thought about the God of heaven. Through the pages of this timeless work, you will engage the thoughts of history's most celebrated people: Mozart, Galileo, Descartes, Shakespeare, Einstein, Michelangelo, and many more. Open the pages of this book and discover what those who have shaped history thought about the God of eternity. Science

fiction-roman. Do you know who you are? Even more importantly, do you know Whose you are? Christians often look at their lives through natural eyes and see themselves as lonely, depressed, unacceptable to God, unable to be who they really want to be. But a Christian who looks at him or herself through God's eyes sees someone quite different. In this encouraging book, bestselling author June Hunt helps you change your focus as you look in the mirror of God's Word. The reflection she urges you to see includes you as: a child of God chosen by God reconciled to God created to do good works for Christ secure in the love of God These are just five of the wonderful aspects of you as seen through the eyes of God. In this life-changing 31-day devotional, you'll find riches in your own life you never knew you possessed. Now poised to reach a new readership, Good to Great in God's Eyes shows how Christians can honor God with lives of great faith and excellent work. Believers become great in God's eyes by applying the ten common characteristics of great Christians: - think great thoughts - read great books - pursue great people - dream great dreams - pray great prayers - take great risks - make great sacrifices - enjoy great moments - empower great people - develop great habits Using Scripture, personal stories, and

examples from Christians who left a lasting legacy, bestselling author Chip Ingram offers practical steps for becoming great in all areas of life, in spiritual growth, family, relationships, and career. Includes a foreword by Bob Buford and helpful discussion questions to facilitate group or individual study. This book is a multi-faceted collection of readings focused on the biblical, historical, cultural, and strategic dimensions of the task of world evangelization. The editors have pooled the contributions of over 70 authors to provide laymen and college students with an introduction to the history and potential of the World Christian Movement, a movement of men and women who have responded with courage and conviction to the challenges of this task. - Back cover. Often we view prayer as an activity reserved for a certain time, in a certain place, offered in a specific way. But Scripture encourages us to pray continually. This exhortation is an opportunity for prayer to permeate every aspect of our lives--when we're alone or in a crowd, when it's quiet and when it's chaotic, when we feel like it and when we don't. Praying with Eyes Wide Open shows us how to make continuous prayer a natural part of our lives rather than something on our daily spiritual checklist. It helps us encounter God in new ways as we learn to - open our eyes to

see his presence and the world around us - open our ears to hear his voice - open our hearts to experience freedom and power as we pray - and open our lives as we pray for and with others Anyone desiring a richer, more transformative prayer life will welcome this fresh take on conversing with our Creator. Akeela, King of Liiria, was a young and idealistic scholar who was determined to bring peace to his kingdom—a land that had been plagued by war with the neighboring kingdom of Reec for decades. Lukien, the Bronze Knight of Liiria, had been taken in by the royal family when, at fourteen, he saved Akeela's life, but he'd never forgotten the brutal lessons of the streets he'd grown up on. A bond of loyalty stronger than blood linked these two men—but no two souls could be more different. And as Akeela and Lukien entered their enemy's stronghold on a mission of peace, neither man could foresee the turmoil this historic mission would wreak on their lives. For, to seal the peace, King Karis of Reec would bestow upon Akeela the hand of his charming, beautiful, and accomplished daughter Cassandra. But Cassandra hid a terrible secret. She was experiencing the first symptoms of a disease which would threaten her life and cause unimaginable strife for all who loved her. For Akeela and Lukien, the quest for Cassandra's

salvation would overwhelm every bond of loyalty, every point of honor, every dream of peace. For only the magical amulets known as the Eyes of God could halt the progress of Cassandra's illness. But the Eyes of God would also open the way to a magical stronghold which could tear their world apart and redefine the very nature of their reality. They were once humanity's last hope: a race of genetically engineered killing machines known as the Phaestor and their army of deadly Moktar Dragons. Now, the enemy long vanquished, the Phaestor themselves have become the enemy, seizing control of the galaxy and subjugating all lesser species—including humans—to feed their appetite for terror and blood. On a small, insignificant planet called Thoska-Roole, a ragtag alliance of humans, androids, and bioforms make a last desperate stand against Phaestor domination. Among their number are two bounty hunters, a mercenary starship captain, and a disgraced reptilian warrior. As the Phaestor begin a new reign of unprecedented terror, these rebels prepare to strike back against their vampire overlords and bring revolution to the stars. Under the Eye of God, the first installment of Trackers, is followed by its sequel, A Covenant of Justice, where the fight for the galaxy continues. Have you ever asked yourself

why you haven't received that which most leaders have promised you? Have you ever considered that it could simply lie in the fact that many leaders simply don't know where they are going? Through deep insight, scriptures, and scholarly research, Winston takes his readers through God's Word to show that God's intention for leaders are to see through the eyes of God rather than their own. Winston shows that the mistake leaders make today are similar to what Adam and Eve did in the beginning; by believing their eyes were better than God's; ultimately leading God's creation into chaos to satisfy their own ego. A protagonist finds himself in a story that is not his. Engulfed in self-hatred, the philosophical narrator is found by who he believes is beyond humanity. His fascination by perfection takes him through a strife of questions about power, choice, and purpose. He encounters reflections of thoughts and feelings through a road that leads him back to a greater truth than he chose to abandon. Working as a camera surveillance tech for the director of the NSA, Evelyn stumbles on a mysterious NSA program code connected to a string of journalist and whistle-blower deaths before finding herself and her deaf son in the crosshairs of a sadistic bomber and her boss's enforcer. -- provided by publisher. After decades of madness in

the Bronx, Isaac Sidel visits the craziest state in the country Isaac Sidel is too popular to be America's vice president. Once the New York Police Department commissioner, he became the most beloved mayor in the city's history—famous for his refusal to surrender his Glock, and for his habit of disappearing for months at a time to fight crime at street level. So when baseball czar J. Michael Storm asks Sidel to join him on the election's Democratic ticket, the two wild men romp to an unprecedented landslide. But as the president-elect's mandate goes off the rails—threatened by corruption, sex, and God knows what else—he tires of being overshadowed by Sidel, and dispatches him to a place from which tough politicians seldom return: Texas. In the Lone Star state, Sidel confronts rogue astrologers, accusations of pedophilia, and a dimwitted assassin who doesn't know when to take an easy shot. If this Bronx bomber doesn't watch his step, he risks making vice-presidential history by getting killed on the job. We live in a polarized time. Christians are quick to conceive of themselves either as theologically-minded or worship-minded; either thinking Christians or feeling Christians. The results are damaging: theology without worship is muted, stifled, and cold, and worship without theology is ungrounded, unrooted, and uninformed. This is not

the way it was meant to be. Theology (our study and knowledge of God) should always lead to doxology (our worship of Him). Worship should always be rooted in theology. When we study the nature and character of God as revealed in his Word, we are invited to respond in the affectionate, obedient discipleship of worship. How can we keep our theology from being mere head knowledge? How do we give our worship roots that will last? By fixing our eyes on God Himself—the object of our study and the object of our worship. Fix Your Eyes is an invitation to understand core doctrines of the Christian faith and apply them in our daily worship of God. It walks believers through key theological concepts and shows how each can be lived out in daily life. At the age of sixteen Chandra is common law married to Don Rivers. They have two children and have stayed together for quite some time, until Don's abuse gets worse. The ill treatment and frustration trigger Chandra to kill Don. Trying to forget her past, Chandra starts life anew with her children, until Kyle comes into their lives. Kyle proves to be the man she has been waiting for—he loves and respects her and treats her children as if they were his. They get married and life has been near perfect for Chandra until the memories of Don begin troubling her, and telling

Kyle about it gives her great relief. Days after their wedding, Kyle gets killed in a plane crash. Devastated by the fact that her source of love and strength is gone, Chandra feels anger and disappointment with God. But as Kyle is laid in his final resting place, she is able to let go of him and accept what fate has laid out for her and her children. Beauty is more than skin deep—it starts in the heart and works outward Exploring the timeless wisdom of Proverbs 31, Bible teacher Elizabeth George reveals how you can become a woman of true beauty—a woman who desires to honor God in all that she says and does. Beautiful in God's Eyes helps you make each day immensely meaningful as you delight in God and discover how to... experience instant progress toward personal goals manage daily life more effectively tap into unlimited energy apply biblical principles to enhance relationships move from the ordinary to the extraordinary You can experience a richer, more exciting spiritual walk as you embrace God's design for true beauty in your life. As the pineal gland was the one most recognized and written about by the earlier adepts, it is the logical beginning of any occult discussion of the endocrine chain. The epiphysis cerebri, or pineal body, secures its name from its peculiar shape (thepinus, or pine cone) and arises in the fifth week

of the human embryo as a blind sac branching off from that section of the brain which is next in front of the mid-brain—the diencephalon—which includes the area of the third ventricle and adjacent parts. The distal, or remote, portion of this sac becomes the body of the gland. The proximal portion (the point of attachment or origin) remains as the stalk. Is not this pine cone the one to which E. A. Wallis-Budge refers in his Osiris and the Egyptian Resurrection, when in describing the entry of Ani into the presence of Osiris in the Egyptian ritual of Coming Forth by Day as “the so-called ‘cone’ on Ani’s wig,” for which the good Egyptologist could find no intelligent reason? Is this not also the whirring cone which was among the symbolic playthings of the child Bacchus and which Bastius describes as a small cone-shaped piece of wood around which a cord was wound so that it might be made to spin and give out a “humming noise”? (See Orpheus, by G. R. S. Mead.) Those acquainted with the esoteric function of the pineal gland or who have experienced the “whirring” sound attendant upon its activity will realize how apt is the analogy. Growing up, author Nadia Awwad received compliments on her looks and her slim figure and began modeling professionally at age fifteen. Like many, she struggled with an identity crisis. Her ambition was to

be a supermodel, but after an encounter with Jesus Christ, she found that she was God's model. Later, she discovered that the world brought her outward happiness, but Jesus filled her soul with joy. Struggling between the world and the Word, her decision would change her life. Would she follow her will or Jesus's will for her life? Eventually, she forsook everything and ran to God for his divine purpose. She tells a story of great devotion to ministry followed by crisis after crisis, which left her with a broken heart. Never losing hope in the Word, she conquered every difficult trial, inspiring people to be overcomers. That means trusting Jesus while going through storms in life. Perfect for crafty parents who are eager to get their kids excited about DIY, ProjectKid is everything you could want in a craft book: 100(!) stylish, inventive projects; step-by-step photographs; tips for the novice crafter; easy-to-follow instructions; and a fresh, modern look. What really sets these projects apart are the unexpected, ingenious ways Kingloff uses everyday objects and materials. (Did you ever think a body-wash bottle would make a perfect rocket ship?) And these are projects for things kids want to make—and keep—from a juice-box owl to a pirate ship to a curio cabinet for displaying all of their treasures, plus games, jewelry, and more. Also included in the book are basic

crafting lessons (such as pom-pom making and weaving) to help children of all ages build a DIY arsenal, a handy guide to must-have tools and materials, and a source directory. Arguing that the cities are God's idea, and using clear biblical principles, McClung urges believers not to abandon the cities but to learn to transform them by the power of God. A young king breaks with the past and makes peace with the kingdom his father has fought for years. To seal the bargain he is offered the hand of the kingdom's princess. And so begins a fast moving epic of madness, obsession, prejudice and sheer magic. John Marco has woven an intricate tale of personalities driven by love, hatred and ambition. Each character must, in the end, pay the price for their actions and THE EYES OF GOD is, at its core, an almost classical tragedy. Rich in its evocation of magical lands, detailed in its dissection of motive, compelling in its characters, THE EYES OF GOD is the work of a natural storyteller revelling in his ability. eye of the god takes the fascinating history surrounding the Hope Diamond and weaves it together with a present-day plot to steal the jewel from the Smithsonian Institute. We follow Alex and Isaac Weld, the most lucrative jewel thieves in the world, in their quest to steal the gem, which according to legend was once the eye of a Hindu

idol named Rama Sita. When it was stolen in the 17th century, it is said that the idol cursed all those who would possess it. That won't stop the brilliant and ruthless Weld brothers. However, they are not prepared for Dr. Abigail Mitchell, the beautiful Smithsonian Director, who has her own connection to the Hope Diamond and a deadly secret to keep. Abby committed long ago that she would not serve a god made with human hands, and the "eye of the god" is no exception. Her desire is not for wealth, but for wisdom. She seeks not power, but restoration. When the dust settles over the last great adventure of the Hope Diamond, readers will understand the "curse" that has haunted its legacy is nothing more than the greed of evil men who bring destruction upon themselves. No god chiseled from stone can direct the fates of humankind, nor can it change the course of God's story. Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work. When you feel stuck in your job or relationship . . . when all you worked for leaves you feeling empty inside . . . when fear of what is to come consumes sleepless nights . . . when love seems like an impossible choice to make . . . when the world is not large enough to

contain your grief . . . when you struggle to forgive the unforgivable . . . there is one solution that brings true peace. See the world through God's eyes. Look through God's eyes and you see that you are being guided in every moment with infinite wisdom and inexhaustible love, that life is unfolding with indescribable beauty and grace, that Spirit is gently urging you to align your will with Divine Will and be a source of love, hope, and healing energy to all who cross your path. If you have more confusion than clarity about how to live your beliefs, the ancient wisdom permeating "Through God's Eyes" offers the hope and promise that you can escape from the prison of human perception, welcome peace, love, and joy as the dearest of friends, and become a more positive and powerful force for good in the world. "Through God's Eyes: Finding Peace and Purpose in a Troubled World" is unique in two fundamental ways. First, it is the only book that presents a vast array of spiritual principles in an elegant, engaging format that shows how all these concepts interact, how to weave them together into a cohesive worldview, and how to practically apply this spiritual wisdom to daily life. Second, its inventive format alternates illuminating comments with inspiring quotes that support, build upon, and flow into each other to convey penetrating insights

into the meaning and purpose of life and the vastness of human potential. TESTIMONIALS

"Through God's Eyes" is s a superb book, a truly enlightened piece of work that is an essential read for all people who are truly devoted to the care and refinement of their soul. Phil is a contemporary mystic, a man whose life is a living commitment to spiritual service. I am honored to know him. Caroline Myss, author of "Defy Gravity" Regardless of how you conceive the Absolute-as God, Goddess, Allah, Universe, or simply as a sense of cosmic beauty and order-your belief will be enriched by "Through God's Eyes." This fine book is a refreshing departure from the preachy ideology of religious dogmatism. It reveals the richness, complexity, and meaning of everyday life, warts and all. Larry Dossey, MD, author of "The Power of Premonitions" In "Through God's Eyes," Phil Bolsta has assembled a Dream Team of spiritual wisdom. The book gathers together remarkable luminaries from every tradition-and non-tradition as well-and creatively organizes them into topical categories, like panelists in separate meeting rooms at a large conference; only these wise ones are available to readers any time they are needed. And we all need them. As we make our way along the spiritual path, with all its perplexities, complexities, mysteries, and ambiguities, these

trusted companions can provide reliable, timeless guidance. Philip Goldberg, author of "American Veda" At first glance, this monstrous 538-page book appears to be a collection of inspirational quotes from cultural icons as well as sages throughout the ages. However, as you read the book carefully, you will be pleasantly surprised to discover that it actually provides a detailed road map for your spiritual quest for a meaningful and harmonious life. Here lies the genius of Bolsta-he makes the profound look simple and his simple steps can lead to profound changes in individuals and society. Dr. Paul Wong, author of "The Human Quest for Meaning" One of the most important books I've ever read. An incredible compilation of spiritual wisdom and insight. It's the owner's manual God should give you when you're born. Robert Peterson, author of "Out of Body Experiences" Eve, Sarah, Deborah, Mary, the woman at the well... women have played pivotal roles in redemptive history. Their case studies reveal God's perspective on women, then and now. Few biblical teachings have been as misunderstood and muddled by those inside and outside the church as its instruction concerning women. Through His Eyes answers the question "What does God think about women, and how does he treat them?" by walking readers through several

biblical case studies. Through His Eyes begins with Eve and a series of Old Testament examples that demonstrate the respect God gives to women and their significant place in salvation history. In the New Testament we see how God blessed Mary by calling her to be the mother of our Savior and how beautifully Jesus treated women. Here is a happy exposition of the dignity and glory the Lord showers on women. The author encourages women to delight in their creation and calling, and he challenges men to honor women as does the Lord himself. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. Understand how God turns tragic circumstances into something beautiful for His glory, while you love more, complain less, and see God at work in the most unlikely of places. "Now faith is the substance of things hoped for, the evidence of things not seen." Hebrews 11:1, MEV What happens when things don't go as planned? What happens when the storm you face is completely out of your control? The Buchanans' precious son Christian was born with a medical condition that is so

incredibly unique, it's one of only fifty known cases in the world. This story has captured the hearts of hundreds of thousands. In Through the Eyes of Hope Lacey Buchanan tells this compelling story of trusting God in the face of adversity. You will be moved and inspired to hold on to God's promises when things go wrong and find joy in midst of any storm. When we encounter suffering or tragedy, we wonder: Where is God? If God exists, then why doesn't he show himself? Tim Muehlhoff unpacks the doctrine of common grace and offers examples from contemporary culture to uncover how God is present and working in ordinary, everyday places. Discover how God cares for our troubled world as he gives you eyes to see. A vicious and unsparing look at the talent agencies that remake Hollywood stars. Cast of 3 women and 4 men. While his mom teaches him about the human eye, seven-year-old Kojo asks a question that sparks a whole new lesson about the eyes of God. Follow along as Kojo learns the many ways God sees His creation-from the plants, animals, and all of humankind to the wide expanse of the universe. God's Unblinkable Eyes will introduce your family to the wonder of a God who sees-OMNISCIENT! If I asked you to name all of the things you love, how long would it take you to name yourself? If you're anything like the vast majority of

humanity, you most likely wouldn't make it onto your own list. In God's Eyes, will show you how to adjust your list to: Recover Your Identity Receive Your Inheritance Release Your Influence This volume is a compilation of Newcomen's most rare sermons. The sermons reflect a life dedicated to experiencing and understanding the bible, spiritual truth, and experimental Christianity. His preaching is eminently biblical, energetic and powerful. They clearly display the peculiar ability Newcomen had to capture the attention of a church congregation in order to teach them the great truths of the Gospel of Jesus Christ. His first sermon covers, "The All-Seeing Unseen Eye Of God" which is a fantastic exhortation to holiness taken from Hebrews 4:13, "But all things are naked and open unto the eyes of him, with whom we have to do." God knows every person who ever was or will be, all their works, all their speeches, and all their thoughts, and such things are always present in the mind of God. This should prompt us to fear and revere God. This sermon alone is worth the cost of the volume. It is best exhortation on this subject matter in print. "The Craft and Cruelty of the Church's Adversaries" is a powerful polemic against Roman Catholicism, Arminianism and Libertinism which deters Christians to the true faith found in Jesus Christ alone. He explains Nehemiah

4:11, “And our adversaries said, They shall not know nor see, till we come in the midst among them, and slay them, and cause the work to cease.” He shows how the church is at war with the wicked designs of men who would tear down the work of Jesus Christ. Also included is “Jerusalem’s Watchman,” “Walking Worthy of the Gospel,” and a funeral sermon on Acts 13:36. This work is not a scan or facsimile and has been made easy to read with an active table of contents for electronic versions. What will you do when the unthinkable happens? Pastor Levi Lusko never expected that five days before Christmas, his five-year-old daughter Lenya would suddenly go to heaven after an asthma attack. Learn the eye-opening truth of the power of hope in a world that is often filled with pain, suffering, and loss. Her parents called her Lenya Lion because of her ferocious personality and hair that had been wild and mane-like since birth, but after her sudden loss, Pastor Levi Lusko and his wife Jennie had to figure out how to walk out of an emergency room without their daughter. In this moving memoir, Levi shares the power of hope in a world often visited by pain, suffering, and loss, urging you to view life as an adventure and encourages you to make an eternal impact. More a manifesto for high-octane living than a manual for grieving, *Through the Eyes of a Lion*

will help you turn your journey into a "roar story" by guiding you to: Let God turn your pain into a microphone Look past what you can see with the naked eye Understand how a good God can allow bad things Survive Saturday—the space between promise and fulfillment Levi has walked through the intense, raw periods that come with grieving.

*Whether you're currently facing adversity or want to prepare yourself for inevitable hardship, it's time to look at the adventure of your life through Jesus' eyes—the eyes of a Lion. In *The Eye of God*, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon*

hidden for centuries that holds the fate of humanity. An analysis of the literary values of Hurston's novel, as well as its reception--from largely dismissive reviews in 1937, through a revival of interest in the 1960s and its recent establishment as a major American novel. Throughout the Bible, divine interaction with humanity is portrayed in almost embarrassingly human terms. God sees, hears, thinks, feels, runs, rides chariots, laughs, wields weapons, gives birth, and even repents. Many of these descriptions, taken at face value, seem to run afoul of classical thought about God's qualities of divine simplicity, transcendence, omniscience, omnipotence, omnipresence, and, especially, immutability. Traditionally, such representations have been seen as accommodations to human intellectual and moral limitations. They allowed God to be more comprehensible but did not actually describe any real part of His character, being, or interaction with humanity. References to God seeing or hearing, for example, are not deemed to represent real acts, as God is all-knowing. This view is largely based on the Aristotelian conception of metaphors: they are rhetorical devices and should not be taken literally. Since the 1970s, our understanding of the ways in which metaphors convey meaning has become much more sophisticated. We are better

able to unlock the function of human acts of God within the Bible. This book aims to explore the biblical metaphor of divine sight in Genesis and how current conceptions of metaphorical function can enrich our reading of the text and its theology.
