Exclusions: Does not include information specific to XRS models Often, wiring and electrical work intimidate automotive do-it-yourselfers more than anything else. It's not mechanical, and therefore, it's unfamiliar territory. Electrons are invisible, and to an untrained enthusiast they can do unpredictable things. Finally, here is an enthusiast's guide that takes the mysteries and misunderstandings out of automotive electrical design, modification, diagnostics, and repair. Automotive Wiring and Electrical Systems is the perfect book to unshroud the mysteries of automotive electrics and electronic systems. The basics of electrical principles, including voltage, amperage, resistance, and Ohm's law, are revealed in clear and concise detail so the enthusiast understands what these mean in the construction and repair of automotive electrical circuits. All the tools and the proper equipment required for automotive electrical tasks are covered. In addition, this in-depth guide explains how to perform more complex tasks, such as adding new circuits, installing aftermarket electronics, repairing existing circuits, and troubleshooting. It also explains how to complete popular wiring projects, such as adding late-model electronic accessories and convenience items to earlier-model cars, installing relay systems, designing and assembling multi-function circuits and harnesses, and much more. With this book in hand, you will be able to assemble, design, and build single- and multi-function circuits and harnesses, troubleshoot and repair existing circuits, and install aftermarket systems and electronics. Automotive Wiring and Electrical Systems is the perfect book for wiring a hot rod from scratch, modifying muscle car electrical circuits for cooling fans and/or power windows, or adding a big stereo and other conveniences to modern performance cars. Completely updated, this compilation of consumer complaints from the National Highway Traffic Safety Administration arms used car shoppers with the facts they need to purchase a reliable vehicle--and avoid

ending up with someone else's problems. Fans of Mr. and Mrs. Smith and The Bodyguard will enjoy this action-packed suspense series starring Winter Wyn and her tough and tenacious team of soldiers-turned-personal-security-experts. Security has never been so sexy... A badass special ops team returns from war in the Middle East prepared to cover each other's backs while providing private security to the rich and famous. But no one can save these professionals when love puts them in its crosshairs. Protecting the Prince: Eliam Prince is ready to navigate his late father's shipping enterprise, but someone is out to stop that plan. He needs a bodyguard, no matter how much the concept irritates him. When security expert Winter Wyn arrives at his penthouse, it's clear that despite her best intentions, business and pleasure might soon mix. Keeping this man safe in Seattle—from sabotage, blackmailers, assassins, and his own stubborn pride—isn't nearly as hard as protecting her own heart. Protecting His Heart: When a mission goes sideways and leaves seasoned spy Arabella Nox with valuable information and a terrorist on her heels, she seeks out the one person on earth she hopes won't betray her: the husband she hasn't spoken to in years. Felix Ibarra thought he'd put his past behind him, but when Arabella lands a job beside him at Wyn Security, she's clearly up to something he can't trust. Will the deep emotions that tore them apart the first time be their undoing once again? Protecting Her Secrets: Bodyguard Eddie Dever needs to clear his younger brother's name when the FBI scoops up the millennial on murder charges. But it's an uphill climb with Special Agent Hannah Malone laser focused on putting a crime boss behind bars, even at his brother's expense. Things get sticky when the two go undercover as Mr. and Mrs. and the pretense starts to feel all too real. And, unfortunately, both Eddie and Hannah have one more surprise up their sleeves that can blow the lid off of more than a crime boss's enterprise. Can they find a way to trust before they take the job too far? Sensuality Level: Sensual
