

ward Suki, who are determined to celebrate it properly. It is special for their friends, Doctor John Watson, and his wife Mary, both Elemental Masters, who have found great delight in the season seeing it through young Suki's eyes. It is also special to others...for very different reasons. For Christmas Eve is also hallowed to dark forces, powers older than mankind, powers that come awake on this long, cold night. Powers best left alone. Powers that could shake the foundations of London and beyond. It begins slowly. Women disappearing in the dark of night, women only missed by those of their own kind. The whispers only begin when they start to reappear—because when they do, they are no longer sane. And when Nan and Sarah and the Watsons are called on to examine these victims, they discover that it was no ordinary horror of the streets that drove them mad. But then, the shadows reach for other victims—girls of good, even exalted families, who vanish from concerts, lectures, and evening balls. And it will take the combined forces of Magic, Psychic Powers, and the world's greatest detective to stop the darkness before it can conquer all. A flirty standalone novel\* from New York Times and international bestselling author Elle Kennedy! One night with him will change her life... Between her waitressing job, volunteer work, and college classes, there are never enough hours in Maggie Reilly's day. Especially not for a relationship. Luckily, she's got the perfect arrangement: a lover she meets three or four times a year. But when she shows up at the hotel expecting to hop into bed with one man, she accidentally ends up with another—Ben Barrett, Hollywood's most notorious bad boy. Ben, determined to lay low after another scandal, just wants some much-needed sleep. What he gets is a scorching make-out session with a gorgeous, naked redhead. He won't accept her apology, but what he will accept is a place to hide out...and if there's some hot, no-strings sex involved, why the heck not? But Ben soon discovers that one week with his sassy, bed-hopping waitress is definitely not enough. He wants more. A lot more. Now he needs to convince relationship-averse Maggie that a bad boy might be oh so good for her—and the best thing that's ever happened to both of them. \*Previously published in 2008, *Bad Apple* (formerly *Midnight Encounters*) features almost entirely new content, including a point-of-view switch. Enjoy this new version of an old favorite! "Nathaniel ... Icon. Celebrity. Heartthrob. But underneath his movie-star good looks, he's battling with the demons of his past. No one knows the real Nathaniel, they only see the pinup, the illusion he pretends to be. Then one night he is forced to rely on Katie Field, an ordinary young woman from a very different world. She may be starstruck but she isn't blinded by the bright lights of fame. Can Nathaniel trust her enough to reveal the real man behind the mask?"--Page 2 of cover In Anabelle Bryant's novel of unexpected romance, a lord and lady learn that not all emotions can be expressed in the light of day . . . Chief Officer of the Society for the Intellectually Advanced, Lord Matthew Strathmore, Earl of Whittingham, takes his position very seriously. Not only does it distract him from the painful aftermath of a gunshot wound to the leg, earned most honorably, it is important work. So he feels duty-bound to question esteemed scientist Lord Talbot about a suspect article. Matthew dashes from London to Oxfordshire, despite wretched weather that only exacerbates his injury, reminding him he is far from the dashing gentleman he once was . . . Theodosia, Lord Talbot's granddaughter, has inherited his gift for inquiry, enjoying her pursuits safely away from the artifice of London society. But her identity as the true author of Talbot's article is about to be exposed. And if Matthew expects a dour bluestocking, surprises abound. Not only do Theodosia's botanical concoctions soothe his leg, he's clearly attracted by her delicate beauty. But dare she hope for more? It will take an urgent trip to London for both to discover how passion and lasting love can ignite under the cover of darkness . . . "Those who enjoy headstrong heroines will appreciate [Amelia's] story."—Publishers Weekly on London's Wicked Affair
